

## CHAPTER 6

### Rehabilitation of Attention Impairments

Amy Shapiro-Rosenbaum, PhD, FACRM

Jennifer V. Wethe, PhD, ABPP-CN

Angela Yi, PhD

6.1	Introduction.....	163
6.2	Impairments of Attention After Brain Injury.....	165
6.3	Brain Injury Interdisciplinary Special Interest Group Recommendations for the Rehabilitation of Impairments of Attention.....	166
6.4	General Framework for the Rehabilitation of Attention.....	167
6.5	Assessment and Rating Scales for Attention.....	169
6.6	Attention Process Training.....	170
6.6.A	Clinical Application.....	170
6.6.A.1	ACQUISITION STAGE.....	170
6.6.A.2	APPLICATION STAGE.....	172
6.6.A.3	ADAPTATION STAGE.....	172
6.7	Time Pressure Management (TPM).....	174
6.7.A	Stage 1: Identifying the Problem.....	174
6.7.B	Stage 2: Teaching the Strategy.....	175
6.7.B.1	ACQUISITION.....	176
6.7.B.2	APPLICATION.....	177
6.7.C	Stage 3: Generalization.....	178
6.7.D	Clinical Application.....	178
6.8	Rehabilitation of Working Memory.....	179
6.8.A	Computerized Working Memory Training.....	180
6.8.A.1	COGMED.....	180
6.8.A.2	REHACOM.....	181
6.8.A.3	APT-III.....	181
6.8.A.4	CLINICAL APPLICATION OF COMPUTERIZED WORKING MEMORY TRAINING.....	181
6.8.B	Clinician-Administered Working Memory Training.....	182
6.8.B.1	N-BACK TRAINING PROCEDURES AND VARIANTS.....	182
6.8.B.1.a	Level I. N-Back Procedures.....	182
6.8.B.1.b	Level II. N-Back With Additional Working Memory Demands.....	184
6.8.B.1.c	Level III. N-Back With Continuous Secondary Task.....	184
6.8.B.1.d	Clinical Application of N-Back Training.....	184

6.8.B.2	DIRECT WORKING MEMORY TRAINING .....	185
6.8.B.2.a	Verbal Working Memory Protocol.....	185
6.8.B.2.b	Visual-Spatial Working Memory Protocol .....	186
6.8.B.2.c	Higher-Level Central Executive Training Protocol .....	186
6.8.B.2.d	Clinical Application of Clinician-Administered Direct Working Memory Interventions.....	186
6.8.C	General Guidelines for Computerized and Clinician-Administered Working Memory Training.....	186
6.8.C.1	ACQUISITION STAGE .....	188
6.8.C.2	APPLICATION STAGE .....	188
6.8.C.3	ADAPTATION STAGE.....	189
6.9	Long-Term and Short-Term Goal Writing in the Rehabilitation for Attention Impairments .....	190
6.10	Case Example.....	194
6.11	Study Questions and Group Discussion Points.....	199

## CHAPTER 7

### Rehabilitation of Visuospatial and Praxic Impairments

Donna M. Langenbahn, PhD, FACRM

7.1	Introduction.....	203
7.2	Hemispatial Neglect After Brain Injury.....	203
7.3	Brain Injury Interdisciplinary Special Interest Group Recommendations for Treatment of Hemispatial Neglect.....	204
7.4	A General Framework for Rehabilitation of Hemispatial Neglect.....	204
7.5	Assessment Measures for Hemispatial Neglect .....	206
7.6	Systematic Visual Scanning Training.....	207
7.6.A	Principles of Systematic Visual Scanning Assessment and Training.....	207
7.6.B	Assessment of Hemispatial Neglect for Visual Scanning.....	208
7.6.C	Steps in Systematic Visual Scanning Training .....	208
7.6.C.1	TRAINING IN SINGLE-TARGET VISUAL CANCELLATION.....	208
7.6.C.2	TRAINING IN DOUBLE-TARGET VISUAL CANCELLATION .....	209
7.6.D	Systematic Visual Scanning Training With Computerized Presentation.....	209
7.6.E	Systematic Visual Scanning Training for Reading and Copying Text and Designs.....	210
7.6.E.1	READING.....	210
7.6.E.2	COPYING .....	210
7.6.E.2.a	Copying Text .....	210
7.6.E.2.b	Copying Designs (Pizzamiglio et al., 1992, p. 910) .....	211
7.6.F	Systematic Visual Scanning Training for Describing Figures and Pictures .....	211
